**DEAN'S BIT** – The Holy Father has released a new encyclical letter *Fratelli Tutti* on fraternity and social friendship. It begins: “FRATELLI TUTTI”. With these words, Saint Francis of Assisi addressed his brothers and sisters and proposed to them a way of life marked by the flavour of the Gospel. Of the counsels Francis offered, I would like to select the one in which he calls for a love that transcends the barriers of geography and distance, and declares blessed all those who love their brother “as much when he is far away from him as when he is with him”. In his simple and direct way, Saint Francis expressed the essence of a fraternal openness that allows us to acknowledge, appreciate and love each person, regardless of physical proximity, regardless of where he or she was born or lives.’ Our societies are becoming more insular; political leaders seem to be keen on building walls to keep out the ‘other’ who challenges our comfort. The Pope’s message is a timely one and is an expression of his Petrine ministry. You can read it on the Vatican website – www.vatican.va
